

**Montessori STEM Professional Development
for the 3-6 year old Classroom:**

Presenter—Karen Jones

Three Sessions available---take one, two, or better yet, take them all!

Each session will include face-to-face time, with support during classroom application, and blog participation to share ideas, have discussions, and provide support.

Session One: STEM Science Process Skills 6 hours

Workshop will focus on patterns, measurement, classifying, observations, journals, data collections, and graphs.

*Saturday mornings: 10/25/14, 11/22/14
8:30-11:30 AM*

Session Two: STEM Earth Sciences 6 hours

Workshop will focus on water; living and non-living, animal cycles, weather, soil, rocks and plants.

*Saturday mornings: 12/13/14, 1/24/15, 2/21/15
9:00-11:00 AM*

Session Three: STEM Engineering 6 hours

Workshop will focus on properties of objects, simple machines, forces, and structures.

*Saturday mornings: 3/21/15, 4/25/15, 5/16/15
9:00-11:00 AM*

**Each session is \$80.00 or \$190.00 for all three.
All materials are included.**

Workshops will be held at Fox Valley Montessori School
